

This is really cool! Sneakerheadadidas Yeezy Boost 750 Black - Sneaker Bar Detroit

- Cheap Shoes Release 2017

SNEAKERHEAD brand officially produced "DOPE." magazine, the inaugural issue will be on the line.

what is DOPE?

actually, like you guys, I've got a blank head when I see the word for the first time. I don't know what this means, not the kind of English Chinese dictionary on the meaning, but if we called "DOPE.", then how should we DOPE up, how can we let you to feel in the first time to see the wow, awesome!" This is where I don't understand.

but someone knows much more than I do: when the SNEAKERHEAD brand was established in the United States in 2002, you must have been impressed by the Logo of our three shoes. That's right. Put your shoes on your head, or even your head. That's DOPE, isn't it? And that's the most obvious feature of a Sneakerhead. To be exact:

, Sneakerhead, is, Dope.

Sneakerhead is an increasingly large group, and can find many words to describe this group of people, they are crazy, persistent, and always eager to refresh themselves, rather than buy, buy, buy. This group of people, this group of Sneakerhead's life, they are very DOPE. Whether you are 20, 30 or 40, the gap between ages and regions can be overcome by love of sneakers and sneakers. Anyone who has experienced it knows how DOPE it is.

so we're just trying to find one thing, and how can we DOPE?.

with such doubt, we layer by layer, poke the fog, and found the answer. The answer, I find it difficult to use text to describe, is to ask you to take this question, the idea to unlock it. Maybe it's more important than you open our DOPE.

, however, as Sneakerhead, a 100% Sneakerhead, you won't miss any chance to make yourself more DOPE. This point, you and I are the same.

, we hope everyone will see "DOPE." and will exclaim: "Dope!!!"

also wants this DOPE. to let you know more about your own Dope -- Let 's DOPE!
